SAFETY MANAGEMENT PROGRAMS
OFFICE OF ENVIRONMENT, HEALTH, SAFETY AND SECURITY

FROM: DAVID J. WEITZMAN, CIH
ACTING DIRECTOR *David J. Weitzman*
OFFICE OF WORKER SAFETY AND HEALTH POLICY
OFFICE OF ENVIRONMENT, HEALTH, SAFETY AND SECURITY

SUBJECT: Cancellation of Department of Energy Handbook 1108-2002,
Radiological Safety Training for Accelerator Facilities

The Office of Worker Safety and Health Policy (AU-11) approves cancellation of Department of Energy Handbook (DOE-HDBK) 1108-2002, *Radiological Safety Training for Accelerator Facilities*, and archiving its contents.

DOE-HDBK 1108-2002 was placed in RevCom for 60 days recommending cancellation and archiving. The RevCom results conclude that all responding program offices concur with cancellation. This standard is currently not being used by DOE sites and contractors as a training guide and, therefore, does not need to be actively managed.

If you have questions regarding this action, please contact John Blaikie, AU-11, at (301) 903-8470 or via e-mail at john.blaikie@hq.doe.gov.
