SUBJECT:

Proposed Cancellation to the Department of Energy Handbook  
1110-2008, *ALARA Training for Technical Support Personnel*

The Office of Worker Safety and Health Policy (AU-11) proposes to cancel and archive Department of Energy (DOE) Handbook (HDBK) 1110-2008, *ALARA Training for Technical Support Personnel*, in accordance with Technical Standards Program (TSP) procedures. AU-11 staff learned that this handbook is not directly used as a training guide. Any Office that may still needs the document should be willing to assume the Preparing Activity responsibility for future document maintenance. I request the normal 60-day comment period.

The AU-11 point of contact for this document is John Blaikie. Mr. Blaikie can be reached at (301) 903-8470 or via e-mail at [john.blaikie@hq.doe.gov](mailto:john.blaikie@hq.doe.gov).
