

# PA TRAINING

## Who's Who

**Author/Preparing Activity (PA)**—Provides original and updated document versions for review. Responds to comments provided in RevCom (190 including PA Alternates)

**Technical Standards Manager (TSM)** – Assigns reviewers (SMEs) and Delegates; submits the comment package that represents the organization's official position through the review, edit and consolidation of local comments and submit request responses. (80)

**Alternate** – Serves as backup to the Approval Coordinator; submits the official position of the organization through the review, edit and consolidation of local comments and data request responses. Assigns reviewers and Delegates.(90)

**Subject Matter Expert (SME)**—Reviews a document and enters applicable comments and/or explicit data request responses in RevCom.

Project Justification Statement (PJS) (15 business days)  
Defines the purpose for the project and basic content of the Standard.

Users are to answer a question re concurrence with the proposed project PJS Concurrence response from the six major programs is required before the PA can post the draft for review. They are **EH, EM, NE, NA, SC, MA**

### DOE-STD-1197-YR, Occurrence Reporting Causal Analysis, All TSMs PJS to Revise

Subject Areas: Hazard/Accident Analysis, Reporting  
Status: Open

Section: Technical Standards Program Project Justification

 Do you concur that the proposed revision is justified and should move forward? [Answer Question](#)

#### Technical Standards Program Project Justification

DOE-STD-1197-2011, Occurrence Reporting Causal Analysis, has been proposed for revision.

**PLEASE NOTE:** You are being asked to **submit response to a question** using the **ANSWER QUESTION** tab.

There is no draft on which to comment, so **please DO NOT Add Comment** OR submit **No Comment**.

- **Review** the Project Justification Statement (PJS) to determine if you agree that revision of the Standard is justified and should proceed.
- Select **Answer Question** and choose the answer than indicates your concurrence status.

## Redline/Strikeout (Document for Review)

- Cognizance. The area over which a CSA has operational oversight. Normally, a statute or executive order establishes a CSA's cognizance over certain types of information, programs, or non-CSA agencies, although CSAs may also have cognizance through an agreement with another CSA or non-CSA agency or an entity. A Cognizant Security Agency (CSA) may have cognizance over a particular type(s) of classified information based on specific authorities (such as those listed in 32 CFR §2004.1(c)), and a CSA may have cognizance over certain agencies or cross-agency programs (such as DoD's cognizance over non-CSA agencies as the Executive Agent for National Industrial Security Program (NISP), or Office of the Director of National Intelligence's (ODNI) ~~ODNI's~~ oversight (if applicable) of all intelligence community elements within the executive branch). Entities fall under a CSA's cognizance when they enter or compete to enter contracts or agreements to access classified information under the CSA's cognizance, including when they enter or compete to enter such contracts or agreements with a non-CSA agency or another entity under the CSA's cognizance.
- Cognizant Security Agency (CSA). The agencies E.O. 12829, *National Industrial Security Program* ~~(NISP)~~, sec. 202, designates as having NISP implementation and security responsibilities for their own agencies (including component agencies) and any entities and non-CSA agencies under their cognizance. The CSAs are: Department of Defense (DoD); Department of Energy (DOE); Nuclear Regulatory Commission (NRC); ~~Office of the Director of National Intelligence (ODNI)~~; and Department of Homeland Security (DHS).
- Cognizant Ssecurity Oeffice (CSO). An organizational unit to which the head of a CSA delegates authority to administer industrial security services on behalf of the CSA.
- Consultant. An individual under contract to provide professional or technical assistance to DOE or an entity in a capacity requiring access to classified information or other DOE assets.
- ~~Classified Critical Infrastructure Protection Program (CCIPP). The DHS program that executes the classified infrastructure protection program designated by E.O. 13691, "Promoting Private Sector Cybersecurity Information Sharing." The Government uses this program to share classified cybersecurity-related information with employees of private sector entities that own or operate critical infrastructure. Critical infrastructure refers to systems and assets, whether physical or virtual, so vital to the United States that incapacitating or destroying such systems and assets would have a debilitating impact on security, national economic security, national public health or safety, or any combination thereof.~~

## Included comments:

**SME safong@npo.doe.gov**  
(1-1-5) SME safong@npo.doe.gov

This standard is being invoked as required by DOE O 426.2A . Is DOE O 426.2A being issued soon? NPO currently uses DOE 426 Chg 1 (7-29-2013) in overseeing the contractor's implementation of its training program. It is difficult to review this standard to if it aligns with a document that has not been issued.

**SME millard5@llnl.gov**  
(1-1-2) SME millard5@llnl.gov

This new DOE-STD-1070-YR refers to DOE Order 426.2A which went through Revcomm in 2020 and is now on the pending list. It appears to rely on DOE O 426.2A being released and attached to M&O contracts prior to or simultaneously with DOE-STD-1070-YR. **Please elaborate on the timeline for both documents. Also, please confirm it to be true that this standard cannot go into effect unless and until DOE 426.2A is in effect.**

## Essential comment from Rosalie Brown for DOE-SC -Office of Science

### Included comments:

**SME nancy.hui@science.doe.gov**  
(1-1-4) SME nancy.hui@science.doe.gov

Issue:  
Incorrect reference was used  
Proposed new wording:

1. The draft DOE O 426.2A uses "must evaluate and approve" phrase. However, the draft DOE-STD-1070-20XX uses "are required" phrase. Should this standard be used the same phrase?
2. Incorrect DOE O were used:
  - DOE O 206.1, Department of Energy Privacy Program
  - DOE O 226.1B, Implementation of Department of Energy Oversight Policy

## Suggested comment from Rosalie Brown for DOE-SC -Office of Science

### Included comments:

**SME David.Thrasher@science.doe.gov**  
(1-1-9) SME David.Thrasher@science.doe.gov

Recommend spelling out "NNSA" for clarity.

## Concurrence – Reviewers answer the question

Section: CONCURRENCE REVIEW DOE-STD-1234-YR

CONCURRENCE REVIEW

Questions?

|  |   |  |
|--|---|--|
| <b>Author Response:</b><br><b>Accept In Part</b> |   | Sent by Susan Leary on 11/14/2022 08:38:56<br>Appendix F changed to Appendix E |
| ↑  | Included. Package Sent 09/19/2022 by Rick Khan from DOE-EM - Office of Environmental Management   |  |
| ↑  | Included. Package Sent 09/07/2022 by Jenni Hamilton from DOE-Oak Ridge Office-EM  |  |
| ↑  | Included. Package Sent 09/01/2022 by Kevin.levy@orem.doe.gov from DOE-Oak Ridge Office-EM   |  |
|  | <b>Major Comment by Kevin.levy@orem.doe.gov (SME) on 09/01/2022 11:07:03</b>  | 8-3-5  |
|  | <b>Issue:</b><br>In Section 7.1.3.1 It is unclear from this statement whether Appendix B and F provide guidance that is meant to be applied in addition to normal requirements or in lieu of them. As written, it provides additional requirements and provides no exemption from normal requirements, which does not appear to be the intent and is impractical for demolition operations.<br><b>Proposed new wording:</b><br>In Section 7.1.3.1 It is unclear from this statement whether Appendix B and F provide guidance that is meant to be applied in addition to normal requirements or in lieu of them. As written, it provides additional requirements and provides no exemption from normal requirements, which does not appear to be the intent and is impractical for demolition operations. |  |

|  | <b>Issue:</b><br>In Section 7.1.3.1 The text as written requires that a TFHA be developed for any transitional (i.e. non-operational) DOE facility, in addition to all the non-transitional requirements. This section should clearly state that TFHAs are required in lieu of the FHAs and Facility Assessments otherwise required of transitional facilities.<br><b>Proposed new wording:</b><br>In Section 7.1.3.1 The text as written requires that a TFHA be developed for any transitional (i.e. non-operational) DOE facility, in addition to all the non-transitional requirements. This section should clearly state that TFHA's are required in lieu of the FHA's and Facility Assessments otherwise required of transitional facilities. |   |

## Final Notes

- You do not have to complete processing in one sitting, BUT
  - If you are interrupted SAVE YOUR WORK. (If you are inactive for an extended period, the system will time out, and incomplete responses will be erased)
  - You can login later and completed the response saved earlier
- DO NOT waste time wrestling with RevCom. For RevCom questions, save to your address book [support@doxcelerate.com](mailto:support@doxcelerate.com). Several receive those emails and will respond.
- For questions about the Technical Standards Program, save to your email addresses [Jeffrey.Feit@hq.doe.gov](mailto:Jeffrey.Feit@hq.doe.gov); [Kathy.Knight@hq.doe.gov](mailto:Kathy.Knight@hq.doe.gov).
