ATTN OF:

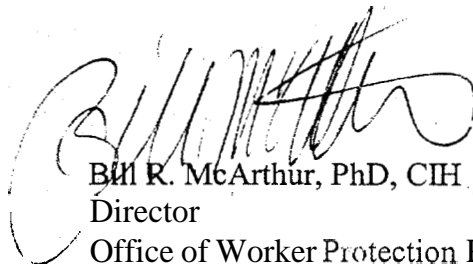

SUBJECT: REAFFIRMATION WITH ERRATA OF DEPARTMENT OF ENERGY (DOE)
HANDBOOK, DOE-HDBK-1107-97, "KNOWLEDGE, SKILLS, AND ABILITIES FOR
KEY RADIATION PROTECTION POSITIONS AT DOE FACILITIES"
TO:

Dennis Kubicki, Technical Standards Manager, EH-24

A notice of intent to reaffirm DOE-HDBK-1107-97 was sent to the DOE Technical Standards Managers. The notice requested comments regarding the planned reaffirmation. All comments have been resolved. With the issuance of this reaffirmation memorandum and errata sheet (attached) DOE-HDBK-1107-97 is now considered to be technically valid. The Office of Worker Protection Policy and Programs recommends reaffirmation with errata the handbook in accordance with the Department's responsibility under the 5-year "Periodic Document Review" (Sunset Review) provision of the Technical Standards Program Procedures.

A hard copy and an electronic copy of the revised standard in PDF format are also attached.

If you have any further questions in this matter, please contact Peter O'Connell on 3-5641, or at Peter.O'Connell@eh.doe.gov.
