SUBJECT: **APPROVAL OF DEPARTMENT OF ENERGY (DOE) CHEMICAL MANAGEMENT
HANDBOOK VOLUME 3**

TO: **Dennis Kubicki, EH-24**

This memorandum forwards the subject DOE technical standard, DOE-HDBK-1139/3-2004, which has been approved for publication and distribution. This standard was reviewed by the Cognizant Secretarial Officer organizations and Operations Offices through a formal coordination process and all comments have been appropriately resolved. Additionally, the Office of Worker Protection Programs and Policy has reviewed and approved the document.

A camera-ready copy and an electronic version of the standard in Microsoft Word format are attached. If there are any questions, please contact Dan Marsick of my staff on 3-3954.
