MEMORANDUM FOR JEFFREY D. FEIT
PROGRAM MANAGER
DOE TECHNICAL STANDARDS PROGRAM
OFFICE OF NUCLEAR SAFETY
OFFICE OF ENVIRONMENT, HEALTH, SAFETY AND
SECURITY

FROM: JAMES B. O'BRIEN
DIRECTOR
OFFICE OF NUCLEAR SAFETY
OFFICE OF ENVIRONMENT HEALTH, SAFETY AND
SECURITY

A handwritten signature in blue ink, appearing to read "James B. O'Brien", written over the printed name and title.

SUBJECT: Cancellation of Department of Energy Handbook 1074-95,
Alternate Systematic Approaches to Training

The Office of Nuclear Safety proposes to cancel Department of Energy (DOE) Handbook 1074-95, *Alternate Systematic Approaches to Training*, and submits this proposal for a 60-day review and comment period in accordance with Section 4.4 of Technical Standards Program Procedures 7-2013, *Maintaining DOE Technical Standards*.

The Office of Nuclear Facility Safety Programs has conducted research on the topic, and found no strong desire from the field organizations or contractors to maintain this document as an active Handbook. The Field and Program Offices indicated that newer industry standards and practices are a better resource for this type of information. Because of this, the Field and Program Offices and current site processes have accounted these changes and hence, for the lack of need for the standard.

If you have any questions, please contact Brendan Burns, of my staff, at (202) 586-2671 or by e-mail at brendan.burns@hq.doe.gov.
