

## Department of Energy

Washington, DC 20585

January 13, 2017

MEMORANDUM FOR JEFFREY D. FEIT  
OFFICE OF QUALITY ASSURANCE  
OFFICE OF NUCLEAR SAFETY

FROM: BILL R. McARTHUR, PhD, CIH,   
DIRECTOR  
OFFICE OF WORKER SAFETY AND HEALTH POLICY  
OFFICE OF HEALTH AND SAFETY

SUBJECT: Cancellation to the Department of Energy Handbook  
1140-2001, *Human Factors/Ergonomics Handbook for  
Design for Ease of Maintenance*

The Office of Worker Safety and Health Policy approves cancellation of Department of Energy Handbook (DOE-HDBK) 1140-2001, *Human Factors/Ergonomics Handbook for Design for Ease of Maintenance*, and archiving its contents.

DOE-HDBK 1140-2001 was placed in RevCom for 60 days recommending cancellation and archiving. The RevCom results conclude that all the responding program offices concur with cancellation. This standard is currently not being used by DOE sites and contractors as a training guide and, therefore, does not need to be actively managed.
