

The National Technology Transfer and Advancement Act of 1995 2011 Annual Report for The Department of Energy

1. Please describe the importance of standards in the achievement of your agency's mission, how your agency uses standards to deliver its primary services in support of its mission, and provide any examples or case studies of standards success. Please include relevant Internet links and links to your agency's standards website.

In accordance with the 2011 OMB Report data call, the Department of Energy (DOE) Technical Standards Program (TSP) asked for input from all DOE organizations. The request included a documentation of new case studies involving the benefits of non-government voluntary consensus standards in DOE work. Based on the input received, no new case studies were reported.

2. Please list the government-unique standards your agency used in lieu of voluntary consensus standards during FY 2011: **0**

3. Please list the Voluntary Consensus Standards (VCS) your agency substituted for Government Unique Standards (GUS) in FY 2011 as a result of review under Section 15(b)(7) of OMB Circular A-119: **0**

4. Please provide the total number of Voluntary Consensus Standards your agency BEGAN to use during FY 2011: Optional: If possible, also please provide the total number of Non-consensus Standards that are developed in the private sector your agency began to use during FY 2011. In addition, please provide your agency's rationale for using the Non-consensus Standards that are developed in the private sector counted in this question.

Voluntary Consensus Standards: **10**

Other Technical Standards: **0**

Rationale: Throughout the year 2011, DOE had in place a total of 1,793 adopted Voluntary Consensus Standards (VCSs) documented. This was an increase of 10 VCSs from the previous year.

5. Please enter the Voluntary Consensus Standards Bodies (VCSB) in which your agency participated in during FY 2011: **92**

6. Please provide the total number of your agency's representatives who participated in voluntary consensus standards activities during FY 2011 and the total number of activities these agency representatives participated in:

Agency Representatives: **498**

Activities: **1325**

7. Please provide any conformity assessment activities (as described in "Guidance on Federal Conformity Assessment Activities" found in the Federal Register, Volume 65, Number 155, dated August 10, 2000) in which your agency was involved in FY 2011.

The Department of Energy does not track conformity assessment activities.

8. Please provide an evaluation of the effectiveness of Circular A-119 policy and recommendations for any changes:

OMB A-119 continues to effectively provide a framework of requirements for DOE's involvement in national VCS standards-setting initiatives, and requirements for consideration of VCSs applicable to DOE needs prior to our development of agency-specific standards.

9. Please provide any other comments you would like to share on behalf of your agency.

The Department of Energy and its Standards Executive recognize the valuable role that VCSs play in facilitating the implementation of DOE requirements, and in supporting the Department's mission, strategic themes, and diverse program areas. DOE will continue to participate in and sponsor, as appropriate, VCS initiatives to ensure that the
