

Department of Energy
National Nuclear Security Administration
Washington, DC 20585

MEMORANDUM FOR JEFFREY D. FIET
PROGRAM MANAGER
DOE TECHNICAL STANDARDS PROGRAM
OFFICE OF NUCLEAR SAFETY

FROM: DAVID FRESHWATER
DIRECTOR
OFFICE OF EMERGENCY OPERATIONS
EMERGENCY MANAGEMENT POLICY

A handwritten signature in black ink, appearing to read "David Freshwater", with a long horizontal stroke extending to the right.

SUBJECT: Reaffirmation of Department of Energy Handbook 1046-2016, *Temporary
Emergency Exposure Limits for Chemicals: Methods and Practice*

Department of Energy (DOE) Technical Standard (STD) 1046-2016, Temporary Emergency Exposure Limits for Chemicals: Methods and Practice, was approved for reaffirmation after review and comment in the Revcom.

Please publish the attached DOE STD-1046-2016 as a reaffirmed standard, with editorial changes, on the DOE Technical Standard Program webpage at:
<http://energy/ehss/services/nuclear-safety/departement-energy-technical-standard-program>.
The point of contact for this document is Mr. David Djikine, Office of Emergency Policy at (240)597-6381 or daouda.djikine@nnsa.doe.gov.

Attachment:

DOE Handbook 10-46, Temporary Emergency Exposure Limits for Chemicals: Methods and Practice.
